

## HYPERTAC CONNECTORS IN 48 HOURS

### The Service

In order to transform the Hypertac BS9525 HPD range of connectors into a Commercial Off-The-Shelf product, Spartan Europe Ltd are offering a number of delivery options.

The SPARTX service is a 48 hour before 10:30am service (if placed by midday). This service is only available for small order quantities. This is a premium service and the premium charged is dependent on the total order quantity.

### Standard Small Order

Standard delivery for small orders (less than 10 pieces) will be 1-2 weeks subject to availability of piece parts and labour. No additional premium will be charged for this service.

### Standard Large Order

Standard delivery for large orders (greater than 10 pieces) will be 3-4 weeks subject to availability of piece parts and labour. This may be improved through negotiation with Spartan Europe Ltd. No additional premium will be charged for this service.

For further details of the parts available from Spartan Europe Ltd, please either see the Part Configurator on the following page or contact Spartan Europe Ltd's Sales Department by the methods below.
