

# THE TOTAL INTERCONNECT SOURCE

## HPD & BS9525 CONNECTORS IN 48 HOURS

Hypertac and Spartan Europe have extended their strategic alliance, offering customers up to 48 hour turn around on the HPD range of BS9525 printed circuit board connectors.

In addition to short lead times, Spartan Europe will offer full technical support and after sales service.

Military and Aerospace project are increasingly reliant on commercial off-the-shelf (COTS) components, in the quest to drive down costs and time-to-market. That presents a supply-chain challenge for providers of devices such as Hypertac's BS9525 range, which is available in a massive ranges of variants.

The closer relationship will provide Hypertac's customers - particularly those in the Military and Aerospace sectors - with the high quality products and fast response required for spares and repairs contracts, rapid prototyping and quick turnaround JIT systems. Spartan Europe are an Authorised Assembling Distributor, making a wide range of product variants available ex-stock.

Through our Franchised Partnership with Hellermann Tyton, Spartan Europe Ltd are able to offer significant cost savings on a comprehensive range of Cable Management products, including:

- \* Cable Ties
- \* Heatshrink Products
- \* Boots
- \* Sleeving
- \* Glue
- \* Identification Products

By adding this capability to the other strengths of Spartan Europe Ltd allows us to be the only Franchised Cable Assembler in the UK.

## ASSEMBLY CAPABILITIES

- \* Assembly and Manufacture
- \* Cable Harness and Loom Manufacture
  - We also have in place Purchasing Agreements with:
    - > Amphenol
    - > Conesys Europe
    - > Deutsch
    - > Glenair
    - > Matrix
    - > McMurdo
    - > ITT Cannon
    - > Souriou
    - > Sabritec
- \* Electro- Mechanical (Box Build) Assembly
- \* Full Functional Testing to Customer Specification
- \* Complete Project Management
- \* Full Component Procurement and Material Management
- \* Prototype, Pre-Production and Production Manufacture
- \* Fault Finding and Repair Service
